The Diagram above shows how consciousness flows within this first tetrahedral structure of your being. Its meaning is revealed to each individual based on their own personal life experiences. So what it means to you is the only thing that truly matters. We suggest using this as a weekly practice but if you are moved to use it more often that is fine. Trust yourself to know when you are ready to go deeper!

**Note: You may use copies of this same chart for each of the 8 Levels**
